Subject: Regarding item 5B

Dear Mayor and respected council members:

It is my opinion that if the city council wants to commemorate the date of the 2010 PG&E explosion it would be appropriate to remember the date of the tragedy NOT the 10 year anniversary of the explosion.

If you authorize a 10 year plaque will there be a 20, 25, 30, 40 & 50 year plaques.

Please honor the date if you must but don't honor the 10 year anniversary especially with a 12k cost.

Use Park-in-Lieu funds for more appropriate programs Thank you William Ruggiero
